### Appendix B: St Andrews Green Film Festival

Transition University of St Andrews is hosting the St Andrews Green Film Festival on the 22-24 November. The festival will be showing some of the latest and most inspiring films about environmental concerns and sustainable development. In between films you will have a chance to mingle and take part in 3 action focused workshops. We’re running the festival on a non-profit basis-solely to provide a fun weekend of great film which engages people with the environment and hopefully encourages them to get involved in projects within their local communities. The Festival is a national event and we hope to have people coming from all over Scotland for the weekend. You can find out more and book via our website.

Please feel free to email me if you need any more information otherwise I look forward to seeing you in St Andrews soon.

Many thanks for your help,  
All the best,

Paul White  
Festival Director  
Project Officer

**Appendix C : Invitation to speak at St Andrews Student Association Accommodation Team "Have Your Say on Accommodation" Event**

I would formally like to invite a Community Council representative to speak in an event we in the Student's Association Accommodation Team are holding. Entitled "Have Your Say on Accommodation," the event will be held at 7pm on 14th November in School 2. (St Salvator's Quadrangle, North St) I would also like to warmly welcome all members to attend.

The event will include a selection of 7-10 minute speeches from invited guests. We are inviting: the Preservation Trust, Student's Association President, the University as well as yourself. After these speeches, audience members will be able to ask speakers questions as well as giving their own views. The evening will be chaired by myself and I expect it to finish around 8.30pm.

We would like to hear the Community Council's views on the accommodation situation in St Andrews. We have decided to leave the content of the speeches to the respective speakers. You would have access to the computer and projector facilities in School 2.

It would be great if someone from the Community Council could speak at the event.
